

UNITY GOSPEL FEST

CELEBRATING SPIRITUAL & PHYSICAL WELLNESS

SUNDAY OCTOBER 9th 2011

In 2010, Kingsbrook Jewish Medical Center, Mt. Zion Church of God (7th Day) and the Brooklyn Center for Quality of Life, came together with several community based organizations and local clergy to present the 1st Annual Unity Gospel Fest. This dynamic effort, featuring over 20 choirs and gospel artists, was designed to encourage spiritual and physical wellness in our Central Brooklyn community. With over 250 people in attendance, the event was an impressive reflection of the spirituality in our diverse and vibrant community. Guests were greeted by Kingsbrook health care professionals before entering our ballroom to experience and incredible display of musical praise and worship. This year, Unity Gospel Fest will return to Kingsbrook's Lillian Minkin Ballroom on Sunday, October 9th. We welcome your family, organization, congregation or choir to join us in the spirit of wellness to celebrate our 2nd Annual celebration.

Unity Gospel Fest welcomes new community partners, sponsors and choirs to help expand the reach of this unique collaboration. If you are interested in becoming a part of this effort, please contact Pastor Gilford Monroe by phone, (718) 755-3418 / (718) 284-1097 or by e-mail at gmonrose@yahoo.com. Unity Gospel Fest has been featured in Caribbean Life, Canarsie Courier and heard on Beyond The Headlines Radio Show "Making Biblical Sense of Today's News".

KINGSBROOK
JEWISH MEDICAL CENTER

Kingsbrook Jewish Medical Center, celebrating its 86th year, is a community hospital, comprised of a 326-bed acute care division with an active medical training program. Kingsbrook shares its campus with Rutland Nursing Home, a 538-bed adult and pediatric skilled nursing long-term care facility. Kingsbrook's centers of excellence include: The Kingsbrook Rehabilitation Institute, Brooklyn's only NYS licensed Traumatic Brain Injury and Coma Recovery Unit, a Geriatric Inpatient Psychiatry Service, a Wound Healing and Hyperbaric Center (offering hyperbaric oxygen as one of the treatment modalities for those with diabetes and other individuals with hard-to-heal-wounds), a Non-Invasive Vascular Laboratory/ Vascular Center of Excellence, a Women's Wellness Center (featuring gynecological services and laparoscopic surgery), Ophthalmology & Neuro-ophthalmology and Orthopedics & Joint Replacement.
