Q1: What is the first Prevention Agenda Priority Area you are reporting on? Select only one
Prevent Chronic Diseases

Q2: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area
Increase Access to High-Quality Chronic Disease Preventive Care and Management in Clinical and Community Settings.

Q3: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.
Other (please specify)
Kingsbrook has adopted the NCQA’s Patient-Centered Medical Home (PCMH) module, an innovative program for improving primary care; especially as it pertains to our chronic disease treatment, via a set of standards that describe clear and specific criteria, the program gives practices information about organizing care around patients, working in teams and coordinating and tracking care over time. Chronic disease focuses include: comprehensive diabetes care: blood pressure/nephropathy monitoring/HbA1c control/, monitoring colorectal cancer screenings, MU tobacco use/smoking cessation, cervical cancer screening, MU breast cancer screening, post specialty care visits/wait times, referrals & inadequate documentation.
**Q4: What process measures are being used to monitor progress on this intervention? Choose all that apply.**

- Number of municipalities, community-based organizations, worksites and hospitals that develop and adopt policies to implement nutrition standards (cafeterias, snack bars, vending).
- Number of cancer screening events held in partnership with community providers.
- Number of individuals navigated to and/or through cancer screening.
- Other (please specify)
  - PCMH: blood pressure/nephropathy monitoring/HbA1c control/, monitoring colorectal cancer screenings, MU tobacco use/smoking cessation, cervical cancer screening, MU breast cancer screening, post specialty care visits/wait times, referrals & inadequate documentation.

**Respondent skipped this question**
Q17: Describe the target population (e.g., problem/burden affecting this population, demographics, geographical locations, etc.)

The region of Central Brooklyn including: 11203 (Flatbush), 11213 (Crown Heights), 11212 (Brownsville), 11236 (Canarsie):

RACE DEMOGRAPHICS  HEALTH PROFILE
Black Non-Hispanic 80.0%  Asthma 5%
Hispanic 11.0%  Diabetes 12%
White Non-Hispanic 5.0%  HIV 23.4%
Asian Non-Hispanic 1.0%  Obesity 29%
All Others 3.0%  Depression 5%
Hypertension 32%
Cholesterol ^2 26%

Q18: What is the expected number of people to be reached by end of 2014 or the end of the first year of activities?

136,000

Q19: How many people have you actually reached toward this target?

123,846

Q20: Are you addressing a disparity with this intervention?

Yes

PAGE 9: Disparities

Q21: Which of the following types of disparities are you addressing? Check all that apply

Income/SES, Race/ethnicity

Q22: How are you working with the target populations addressed by the intervention? Check all that apply

The intervention is focused within specific neighborhoods

The program screens and offers services to high-need participants

The program takes into consideration specific cultural needs (please specify)

PAGE 10: Baseline data

Q23: Were baseline data collected for the process measures selected? Select only one

Yes, for some of them

PAGE 11: Periodicity of data collection
Q24: On average, how often are you collecting data for your intervention? Check all that apply.  
Quarterly

PAGE 12: Status of Implementation Effort

Q25: What is the current status of your implementation efforts related to this intervention? Select only one.  
On track with implementation schedule

PAGE 13: Partnership Development

Q26: Who are the current partners involved in the implementation of the intervention just described? Check all that apply.  
Government or community-based organization - Mental and Behavioral Health (including Substance Abuse),  
Faith-based organization,  
Health Insurance Plan,  
Community health center/Federally Qualified Health Center,  
Hospital

PAGE 14: Partner Engagement

Q27: What is the role of partners in this intervention? Check all that apply.  
Allows/sponsors access to the site or population

Q28: Overall, how would you rate the level of engagement of your partners/members in the implementation of this intervention? Select only one.  
Engaged

Q29: Describe any successes in engaging partners to actively work on this intervention: Check all that apply.  
Enables us to offer intervention activities to a target population

Q30: Describe any challenges in keeping members of your partnerships engaged and/or actively participating in the implementation of this intervention. Check all that apply.  
Challenging to offer programs to target population
**Q31**: Do you need help developing or sustaining partnerships with certain sectors?  
Yes

**PAGE 15: Strengthening Partnerships**

**Q32**: What types of partnerships do you need help with? Check all that apply  
- Hospital,  
- Community health center/Federally Qualified Health Center,  
- Health Insurance Plan,  
- College/University,  
- Faith-based organization,  
- Government or community-based organization - Mental and Behavioral Health (including Substance Abuse),  
- Government or community-based organization - Social Services

**PAGE 16: Overall Successes and Challenges of Implementation of Intervention Strategies**

**Q33**: What have been the successes in implementing the intervention you described? Mark all that apply  
- Reviewing and monitoring progress with partners,  
- Establishing clear implementation timelines/milestones,  
- Developing data collection methods,  
- Identifying process and outcome measures to monitor progress toward reaching goals,  
- Researching evidence-based interventions to address problem among target population,  
- Establishing clear goals,  
- Defining target population,  
- Educating the community about the problem
Q34: What challenges are you facing in the implementation of the intervention? Mark all that apply

- Educating the community about the problem
- Engaging community leaders to address problem

Q35: What is the second Prevention Agenda Priority Area you are reporting on? Select only one

- Prevent HIV/STDs, Vaccine-Preventable Disease, and Healthcare-Associated Infections

Q36: Within this Prevention Agenda priority area, which Focus Area are you reporting on? Select one Focus Area

Respondent skipped this question

Q37: Please select one intervention from this Focus Area to report on. If there are multiple interventions, select the one that is furthest along in implementation.

Q68: What challenges are you facing in the implementation of the intervention? Mark all that apply

- Reviewing and monitoring progress with partners

PAGE 32: Location

Q69: In what county is your hospital or local health department (LHD) located?

- New York City (all counties)

Q70: Are you reporting from a LHD or hospital?

- Hospital

PAGE 33: LHD Contact Information Verification

Q71: Please review contact information for your LHD liaison at: http://www.health.ny.gov/prevention/prevention_agenda/contact_list.htm and provide correction if needed.

- Respondent skipped this question

PAGE 34: LHD Liaison

Q72: LHD liaison Please provide the name, title, phone (with area code) and email contact of your CHA-CHIP liaison.

- Respondent skipped this question

PAGE 35: Hospital Name

Q73: Please select hospital(s) that you are reporting on: (Choose all that apply)

- Kingsbrook Jewish Medical Center

Q74: Hospital liaison Please provide the name, title, phone (with area code) and email contact of your CSP liaison.

- Name of Hospital CSP Liaison: Enid Dillard
- Title: Director of Marketing and Public Affairs
- Phone (with area code): 718-604-5201
- Email Contact: edillard@kingsbrook.org

Q75: If reporting for a hospital, are any of your Prevention Agenda activities incorporated in your DSRIP application? Select only one

- No
Q76: Are the two interventions you provided detail on this report described as a community benefit in the Schedule H tax form? Select only one

Unsure

PAGE 36: Review Summary of Plan

Q77: Please review the summary of your CHIP/CSP attached. Does this accurately reflect the priorities, focus areas, goals, and interventions from the plan you submitted in 2013? Please note, these documents can also be downloaded off the commerce site. (1) You will need to sign into the commerce site at https://commerce.health.state.ny.us; (2) After you are signed in, paste the url http://tinyurl.com/summary-chip-csp on the address line.

No, a revised description needs to be submitted. Please send changes to prevention@health.ny.gov with "Progress Report" in the Subject line.

PAGE 37: Needs and Comments

Q78: What tools, support, or resources do you need to fully implement your plan?

Improved Quality Reporting Systems for Chronic Disease and HIV Care/Management.

Q79: Is there anything else you would like us to know or any other information you would like to share?

Respondent skipped this question

PAGE 38: Final Page

Q80: Are ready to submit your survey? Changes can no longer be made after you click “done”.

Yes
